STEP 5:
Click on the medication details to view full details of the **Prescription or Dispense Record**.

STEP 6:
At the bottom of each **Prescription or Dispense Record** in **Administrative Details** additional information is displayed about the prescriber or dispenser of the prescription.

Prescription and dispense records contain information about medicines prescribed and dispensed by a healthcare provider. This view can display the name of a medicine (both the brand name as well as the active ingredients), the strength of the medicine, the directions and the form of the medicine prescribed. It can also display the date a medicine has been prescribed, the date it has been dispensed, and the number of repeats available on the prescription.
